

PRINCETON PHYSICIANS GROUP, P.C.

Consent to Obtain External Prescription History

Detailed prescription history provides your physician with information about medications being prescribed by other providers involved in your medical care. This information will improve the accuracy of the list of medications in your chart and help to decrease the chance of any adverse drug reactions and drug interactions.

I understand the prescription history from multiple other unaffiliated medical providers, insurance companies, and pharmacy benefit managers may be viewable by my providers and staff here, and it may include prescriptions back in time for several years.

I authorize Princeton Physicians Group, P.C. to view my external prescription history via the RxHub device.

My signature certifies that I have read and understand the scope of my consent and that I authorize the access.

Patient Name: (printed) _____

Patient (or Guardian) Signature: _____

Date Signed: _____
